

HMT-155 - 2 Days

Preparing Hazardous Materials for Transportation by Multiple Modes, Recurrent Training

This course reviews the basic skills needed to prepare, offer and accept shipments of hazardous materials by ground, air and water. As an alternative to taking HMT-115, HMT-215 and HMT-315, HMT-155 reduces training costs, travel expenses and time away from the office. However, the information is presented at a more demanding pace than that of the three individual courses.

Meets applicable requirements for recurrent training.

Regulations Covered:	US DOT HMR (49 CFR), IATA DGR, IMDG Code
Prerequisite:	HMT-150; or HMT-100, HMT-200 and HMT-300; or equivalent training
Materials Provided:	US DOT HMR (49 CFR), ABC Textbook, compliance checklist. The IMDG Code and IATA DGR will be provided for in-class use only.
